TOWN MEETINGS – The Town Board meets the first Tuesday of every month for their regular monthly Town Board Meeting, except for January. The January meeting is held the end of December. That date is determined at the December meeting. The Annual Town Board Meeting is held the 3rd Tuesday of April at the Brothertown Town Hall at 7:00 pm.

NOTICES – Notices for meetings, ordinances, election information, etc. is posted in three different locations. These notices are posted at the Town Hall, on a bulletin board located outside Fisherman's Inn in Brothertown and on a bulletin board located outside the former Church in Charlesburg. The legal publication newspaper is the Tri County News, however, pursuant to State Statutes, not all notices are required to be published.

DOG LICENSES – ALL DOGS in the State of Wisconsin over the age of 5 months are REQUIRED BY LAW to be licensed before April 1st of each year. Dog license fees can be included with your taxes and mailed to the Treasurer at the address above. You will not receive a bill or any other reminder to license your dog. **If your dog(s) has had a renewal rabies vaccination in 2020, please include a copy of the rabies certificate with your payment. No license will be issued if the rabies shot has expired and proof of vaccination from a licensed veterinarian is not provided.** Dog license fees are **\$3.00 for neutered male or spayed female** dogs and **\$8.00 for unneutered male or unspayed female** dogs. A license and tag will be mailed to you. Any dogs unlicensed by April 01, 2021 are subject to a \$5.00 late fee. Any dogs not licensed must be reported to the Calumet County District Attorney.

SAFETY FIRST- Pushing snow or other materials onto or across roadways from private driveways often causes hazards to the traveling public and is prohibited by Wisconsin statutes 86.01, 87.07 and 346.94. Violators are subject to a fine of not less than \$10.00 or more than \$200.00. Please keep everyone's safety in mind during this winter season.

*****ROAD RIGHT-OF-WAY-** The Town of Brothertown has an ordinance that restricts use and obstruction of ditches and embankments of town roads. This includes placing stones, rocks, culverts, debris or other materials in any ditch or embankment of any town road in the town road right-of-way. Crossing the ditches or embankments to any town road for entry to or exit from adjacent lands, except at driveway entrances to town roads, is also restricted. The penalty is a forfeiture of not less than \$100.00 or more than \$500.00. The violator is also liable for the expense to remove the obstruction.***

REMINDER - If any type of work is to be completed in the right-of-way a permit needs to be obtained. This includes blacktopping or cementing drive-way approaches.

BUILDING INSPECTOR – Our Building Inspector is Brian Witkowski, Witkowski Inspection Agency LLC, 18 W. Main St., Suite T, Chilton, WI. Inspection hours by appointment. E-mail address is witkoinspections@gmail.com - Phone number – 920/849-9274. Give Brian a call to determine which permit applies to your construction, replacement or remodeling project.

GARBAGE FEES – Garbage fees are a special charge on your tax bill and are based on the size of the garbage can(s) that you have. The fees are as follows: 35/40 gallon - \$110.00; 60 gallon - \$127.50; 90 gallon - \$150.00. If the 40 gallon needs to be replaced it may be a 35 gallon.

The Town Board would like to point out that by State Law, residents may only burn lawn and garden debris and small quantities of clean untreated, non-painted wood. Dry paper or cardboard that is not recyclable may also be burned, however, whenever possible, paper and cardboard should always be recycled. Outdoor fires with clean wood for cooking, ceremonies or recreation are acceptable and do not require any special approvals unless environmental conditions pose a great risk for forest fires.

To reduce waste, residents are encouraged to buy wisely, compost food scraps and yard waste, reuse containers and recycle whenever possible. Bulky trash takes up more room in a container, therefore it's also a good idea to compact the household trash you generate whenever possible. This may enable you to use the smallest, 35/40 gallon, trash container and save on disposal fees.

To learn more about open burning, visit the DNR's website at www.dnr.state.wi.us.
